

## *Prima Business Tax and Commercial Law Firm*

Dear sirs,

We are pleased to announce that your company is among those to which we want to make aware of what our Tax and Commercial Law Firm is able to do by acting as a partner for effective and specialized solutions in the legal and tax field, occupying a position of leadership in Italy by degree of specialization.

We offer the highest level of legal and tax expertise. We are in Rome, our studio is easily accessible and equipped with modern infrastructure to guarantee a professional and welcoming environment for all our clients.

We are first-level specialists in tax litigation, with a particular focus on the management of problems arising from tax bills and documents of the Revenue Collection Agency (formerly Equitalia). Our experience and dedication allow us to achieve excellent results in protecting company capital and tax optimisation:

1. **Management of Tax Folders:** We offer a complete service for verifying and contesting tax bills. Our specialization allows us to analyze and frame the best solution quickly and precisely, and resolve problems related to foreclosures, mortgages and other precautionary measures.
2. **Tax Optimization:** We assist companies in tax optimization, reducing tax burdens through personalized strategies that comply with current regulations.
3. **Debt Recovery:** We offer debt collection services to guarantee companies the possibility of collecting sums with efficient procedures that comply with current regulations.
4. **Mediations:** We manage mediations between companies, customers and suppliers to resolve disputes effectively, limiting procedural delays.
5. **Commercial contracts:** We provide consultancy in the drafting and review of commercial contracts to ensure they are solid and compliant with current regulations.
6. **Disputes with Suppliers, Customers and Employees:** We assist companies in the management and resolution of disputes, offering targeted and strategic legal solutions.
7. **Our team,** made up of highly qualified lawyers, accountants and notaries, is ready to provide support in our specialized areas of civil, criminal, tax and commercial law.
8. **Innovation and Technology:** We use advanced telematic technologies to offer quick and efficient consultations throughout Italy, optimizing time.

Our goal is to provide concrete solutions to the tax problems of assisted companies, guaranteeing specialization for:

- **Reduction of Tax Burdens:** Through tax optimization strategies, we help businesses reduce their tax burden.
- **Capital Protection:** We defend companies' capital against enforcement actions, foreclosures and mortgages, guaranteeing operational continuity.
- **Transparency and Professionalism:** We provide clear and detailed consultancy, with all-inclusive costs and progressive procedures that ensure certainty and peace of mind about the objectives to be achieved.

Our experience and skills allow us to offer often unique and high-quality solutions, effectively resolving tax and legal issues.

We are aware of the indisputable validity and effectiveness of our services, we therefore offer the possibility of paying our fees in installments and ensure maximum convenience and economic sustainability for your company.

**This information is addressed to you, as well as to a few other selected companies Exclusive contracting proposal with our firm**, for a collaboration aimed at providing our legal and tax services:
